

Northwoods Forest History Experience

More than a Museum!

Naming Opportunities

Here's how it works:

In conjunction with the development of the project, we want to extend the opportunity for our donors to have their names attached to various elements of the project.

- Both donations and written pledges count. We accept and appreciate both.
- If you'd like to sign up for a particular opportunity, please email us at nfhe@discoverycenter.net.
- Donor names will be recognized on a commemorative plaque located in the museum.

Naming opportunities are certainly not mandatory. We also intend to install a plaque recognizing all donors to the campaign. Whether or not you choose to avail yourself of this opportunity, we want to express our sincere thanks for helping make this project a reality.

Entire Building - \$100,000

Permanent exhibits - \$25,000

Already taken

Exhibit 1 – Indigenous Nations

Exhibit 3 – CCC and CCC Indian Division

Exhibit 2 – Logging Era and Early Management

Exhibit 5 – Modern Scientific Management of Forests

Exhibit 4 – Youth Conservation Corps

Exhibit 6

Rotating Exhibit

- \$10,000

- **The Art of the Forest**

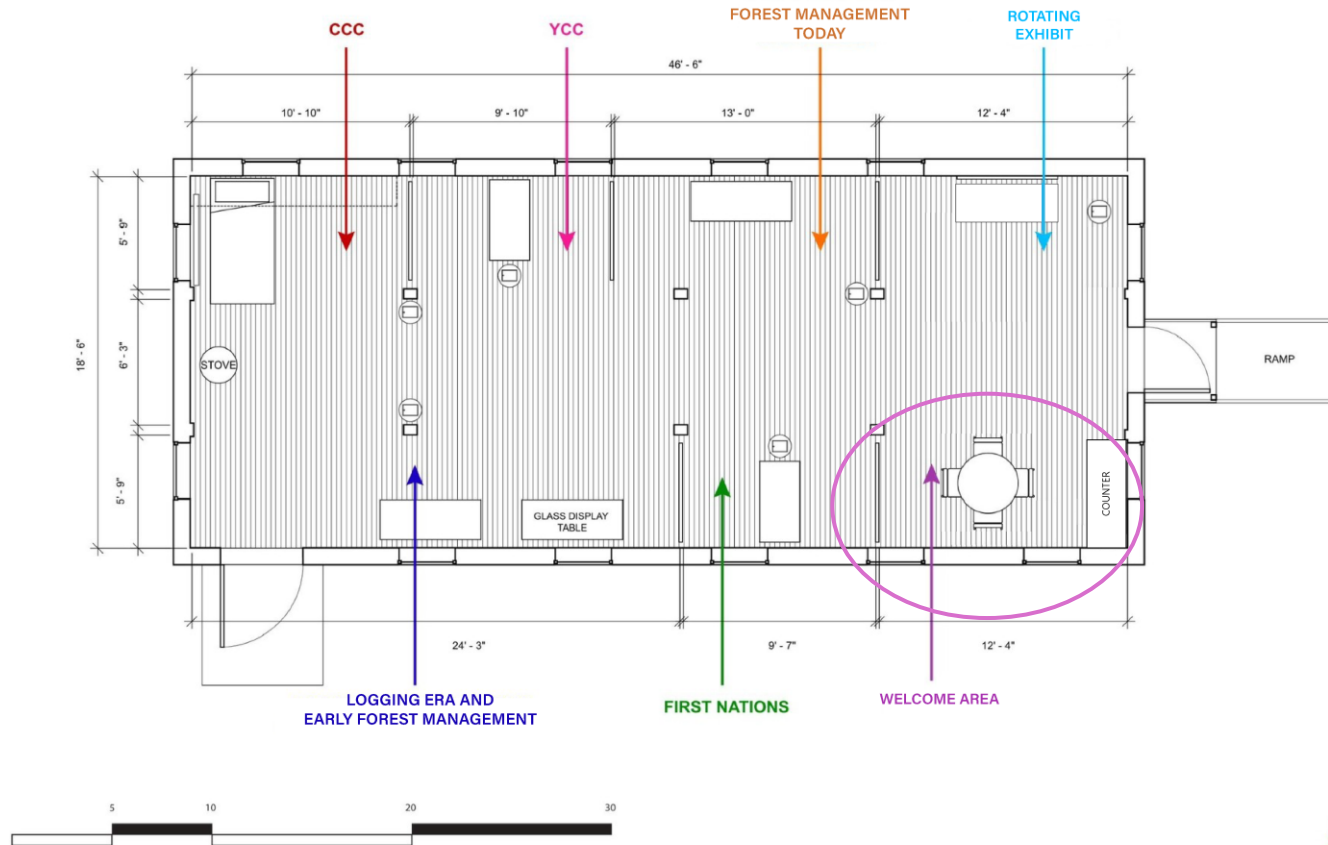

- Area artists will display their works depicting the landscape, moods, and uses of the forest in a variety of media.

This exhibit will rotate every year or two.
Examples of future rotating exhibits:

- Maple sugar production
- Medicinal plants
- Cranberry production
- Forest to farm and back

Welcome Area - \$10,000

As you enter the museum, a welcome area will greet you. A large screen will introduce visitors to the project.

Already taken

Outside Demonstration Area - \$10,000

- Immediately outside the building, visitors will be able to try out a variety of actual tools used by loggers, CCC, and YCC workers in their daily lives.

Security System - \$5,000

The Northwoods Forest History Experience museum will be protected with a state-of-the-art security system, ensuring the safety of visitors and security of artifacts and digital material. Cameras will record and send high resolution video to the Discovery Center's main office.
